ONE BOY'S REACTION TO FANCY CLOTHES — Like any other five-year-old boy, Charles James Spencer-Churchill, the Earl of Sunderland, hates to be all dressed up. Attired in satin suit and tricorn hat with ostrich plume for his role as a page at a London wedding, the Earl, a cousin of Sir Winston Churchill, stood his ordeal as long as he could. After the church wedding, he began acting up at the reception. He made faces and began sticking his tongue out.

22 Escape Drowning In Lake

Swiss Bus Crash Kills 16 Americans

HERGISWIL, Switzerland (AP) — Divers groping through the chill depths of Lake Lucerne today located the tourist bus that plunged off a rain-slick road after colliding with a truck and carried 16 American vacationers to death.

One of the 22 survivors described the accident as "the noise, the jolt and a crash—all too quick."

Allies Protest East German Restrictions

BERLIN (AP)—The American, British and French commandants in Berlin have protested to the Soviet Union on measures taken by the Communists against East Germans who work in West Berlin, a well-informed source said today.

The protest came as all of Berlin was sealed off by the Communists to thousands of East Germans who work in the Western sector of the divided city.

The note went to Col. Andrei I. Solovjev, the Soviet commandant, the source said.

West Berlin officials reported that the Red police are issuing special identity cards to residents of nearby East German towns with jobs in West Berlin. The cards say the bearer is not allowed to visit the divided city.

West Berlin police reported that commuter trains bringing East Germans to their West Berlin jobs today were occupied largely by women. They concluded that the men had been hauled off.

About 52,000 persons from the East are registered as workers in West Berlin, but estimates put their number closer to 80,000. The Communists want to put them to work at home because of the severe labor shortage.

Two Persons Hurt In Rt. 14 Mishap

Two persons were injured in a one-car mishap that occurred on Rt. 14, two and a half miles north of Columbiana, at 1:45 a.m. today, the State Patrol reported.

The patrol said the driver of the auto, Tracy Flan, 17 of Beaver Falls, Pa., was traveling south at a high rate of speed when he lost control of his car and struck a utility pole, dragging the pole 110 feet.

A passenger in the auto, Fredrick Hudson, 30 of New Brighton, Pa., sustained lacerations of the lower lip. Flan received leg injuries. Both were treated at Salem City Hospital.

were in the bus when it was located at a depth of about 165 feet by special electromagnetic equipment. It lay more than 60 feet offshore, having slid off a ledge after its first plunge.

The bus, carrying 35 American passengers and a staff of three Europeans, collided with the truck-trailer Wednesday and crashed through the railing where the highway is carved out of an almost sheer rock cliff rising from the water.

In the few minutes before the vehicle slid to the bottom, 19 passengers and the three crew members fought their way out through the windows.

All but two of the survivors were kept overnight in hospitals. Doctors said nearly all would be released in a few days.

"The bus was filled with water in a matter of seconds," said Stanley M. Smith, 54, of Kansas City, Mo. "We hardly even knew what happened."

In the next hospital bed, Charles Krepps, 65, a research analyst from Los Angeles, described the horror-filled moment when the bus plunged into the lake.

"The bus turned over on its side before we hit the water and it seemed to me it was still turning when I put my feet out and gave myself a shove to the surface," he said.

Krepps and Smith fought their way through a window in the forward part of the bus. They said the rear door wouldn't open. Most of those who died apparently were seated toward the rear.

A floating tire and ropes thrown from shore helped two sisters from Milwaukee, Wis., to survive the ordeal. They were Nora Pan-

U.N. Special Session May Begin Monday

UNITED NATIONS, N.Y. (AP) — Asian-African nations seeking a special session of the U.N. General Assembly to debate the French-Tunisian crisis lacked the endorsement of only three nations today, but the session was not expected to begin before Monday or Tuesday.

With signatures of 37 delegates on their petition and those of the nine-nation Soviet bloc and Cuba assured, Tunisia's supporters predicted that by Friday they would have the remaining three to give them the majority of the 99 U.N. members necessary to convene the assembly.

U.N. officials made preparations for a session early next week. They expected it to last about four days.

Chief U.S. Delegate Adlai E. Stevenson conferred Wednesday with Tunisian Ambassador Mongi Slim in an effort to avert the session in favor of peace talks between France and Tunisia. But informed sources said Slim was adamant, and that there was no conciliatory sign from the French that might make negotiations imminent.

NATO Ground Forces Better Than Soviets

Allied Firepower, Manpower Rated Above Communists

WASHINGTON (AP) — Current appraisals in informed Washington circles are that Western forces would be a virtual match for Communist troops in a conventional war.

The feeling here now is that Western allies have far more powerful ground forces in Europe than popularly believed.

Behind this thinking: 1. American and North Atlantic Treaty Organization divisions are larger and have more firepower than the Communists, and actually outnumber them on the critical central European front.

2. The Allies are believed to have as much tactical air power on the central front as the Communists.

3. The Allied nuclear power exceeds that of the Soviets even though they may be superior in their ability to deliver it via long-range missiles.

This picture is beginning to emerge here in information obtained from Defense Department officials and sources in congress while the Berlin situation remains critical.

The U.S. forces in Europe may be bolstered with a substantial portion of the 28,000 men in 71 Air National Guard and reserve units alerted for possible active duty Tuesday.

They could help build up conventional air power and air transport capabilities in the NATO region.

JFK, Rusk Annoyed Over Bizerte Issue

WASHINGTON (AP) — President Kennedy and Secretary of State Dean Rusk are said to consider the 4-day war in Tunisia as something which could have been avoided easily with a little more understanding and flexibility on both sides.

Both Kennedy and Rusk are said to be extremely annoyed by the sudden flareup over the French naval and air base at Bizerte.

They made their feelings clear, it has been learned on good authority, in lengthy talks Wednesday with Tunisian Defense Minister Bahl Ladgham.

U.S. officials were under instruction to withhold information on the conferences Wednesday at the White House and the State Department. And Tunisian diplomats were equally reluctant to talk with newsmen after the sessions.

The White House press secretary, Pierre Salinger, indicated, however, that either he or the State Department may have something to report when the talks are concluded.

They resume today as Ladgham, Tunisian President Habib Bourguiba's right-hand man, sees Rusk again.

Kennedy, meanwhile, gets a report from U.S. Ambassador Adlai E. Stevenson. Stevenson talked over the weekend in Paris with French President Charles de Gaulle and French Foreign Minister Maurice Couve de Murville. Stevenson conferred privately at the United Nations in New York

District Bombings To Be Probed

Ohio Considered For Apollo Center

WASHINGTON (AP)—Ohio Gov. Michael V. DiSalle called on the Kennedys Wednesday and received the promise of help from one and promised consideration from the other.

Atty. Gen. Robert F. Kennedy told DiSalle that the federal government would do everything possible to help Ohio halt a three-year wave of unsolved bombings.

Earlier President Kennedy

Rusk To Urge Berlin Defense

Official To Promote Detailed Allied Plan

WASHINGTON (AP) — Secretary of State Dean Rusk plans to urge Allied foreign ministers in Paris next weekend to work out detailed agreements on precise steps the Western powers would take to meet any specific threat the Soviet Union and East Germany may pose to the security of West Berlin.

Rusk is scheduled to leave for Paris at midnight tonight, following a final meeting with President Kennedy late this afternoon on Berlin crisis planning.

Saturday he will meet with the foreign ministers of Britain, France and West Germany in the first of a series of conferences on the Berlin situation. The sessions will continue through Monday. Rusk plans to meet Tuesday with the North Atlantic Treaty conference and later with U.S. ambassadors in Europe.

The Paris conference, apart from the Berlin situation, may also discuss Far Eastern problems. Rusk was planning to take as one of his advisers John M. Steeves, deputy assistant secretary of state for Far Eastern affairs. Presumably the Central Asian issues taken up at Paris will be those of Laos and South Viet Nam.

The Allied ministers are reportedly planning to concentrate their Paris discussions on contingency planning—that is, what the Western powers should do in response to any pressures or threats which Soviet Premier Khrushchev may apply later this year in line with his announced intention to sign a

10 Candidates File With Election Board

Ten new candidates filed overnight with the County Election Board at East Liverpool for village, township and school district posts at the Nov. 7 general election.

Frank L. Woodrow and Steve M. Barboarak entered for Madison Township trustee seats. Daniel Humeniuk entered for Knox Township trustee, and George McPherson filed for Franklin Township trustee.

Orvel M. Tolson filed for a Salineville Council seat. The only other village candidate is Maine Hall, for Rogers clerk.

Three entered for trustee seats in townships adjoining East Liverpool. LeRoy H. Chamberlain and Robert A. Palmer filed for Livermore. Richard F. Sanford entered for St. Clair Township trustee.

Russell S. Dyser entered for a third term on the Wellsville Board of Education. The filing deadline is next Wednesday at 4 p.m.

promised that Ohio would be considered for location of the development center for the Apollo moon-shot program, DiSalle said.

The Ohio governor said the attorney general is familiar with the situation in Youngstown, where a gambler, Vince DeNiro was blown to bits July 17 when he stepped on the starter of a car and set off a bomb.

DiSalle said there is a long list of unsolved bombings in Mahoning, Trumbull, Stark and Jefferson counties—all apparently connected with racketeering.

He added: "There hasn't been a bombing solved in those four counties in four years."

Federal officials with whom he talked definitely feel an interstate syndicate may be involved, DiSalle said, adding that he was told federal men investigating the crime situation in Newport, Ky., may be sent to Ohio to investigate bombings there.

As for any other details, DiSalle refused to comment. "There's no use blowing a siren, is there?" Following an earlier closed meeting on the moonshot program with the President, DiSalle said the President told him Ohio "will have a shot at it."

The governor said he did not recommend a specific location for the Apollo facilities, but he said he pointed out to the President that Wright-Patterson Air Force Base at Dayton has 7,000 scientists and engineers experienced in space work.

DiSalle also discussed with the president the possibility of an experimental, electronic highway system for the Columbus-Cincinnati leg of Interstate 71.

DiSalle May Call Assembly Back To Work

COLUMBUS, Ohio (AP)—Ohio's 176 legislators are home today for what they hope will be a recess until Nov. 14. However, Gov. Michael V. DiSalle has hinted he may have other ideas on the length of the lawmakers' rest.

The Columbus Dispatch quoted the governor as saying in Washington that he might call a special session before the November date to deal with capital improvements.

The legislature recessed Tuesday night without passing a \$45 million measure to finance improvements. The bill died in the Senate at the end of a cleanup session on an 18-18 tie vote.

Republican leaders said they planned to reconsider the capital improvements bill next November along with DiSalle's unprecedented veto of a billion-dollar appropriation for second year state operations.

A skeleton session was held Wednesday for leaders to sign bills and close shop.

Instead of taking final adjournment, both houses recessed in the expectation that such a move would balk a special session call. Only the governor can call the legislature back after final adjournment. Under such a call, only the subjects specified can be considered.

Leaders of the Republican-controlled legislature questioned whether the governor could call the special session. However, Atty. Gen. Mark McElroy indicated he can.

House Speaker Roger Cloud, R-Logan, said the governor had power to act at any time during dire

Says 'Would Not Mean War'

Nikita Set On Signing German Peace Treaty

MOSCOW (AP) — Premier Khrushchev told Italian Premier Amintore Fanfani Wednesday night that he is still determined to sign a peace treaty with Communist East Germany but is ready to give "whatever guarantee is wanted" for West Berlin.

Italian newsmen accompanying Fanfani reported Khrushchev told the visiting premier: "It is not an obstacle that the two sections of Berlin live in different social regimes. If (West) Berlin people have chosen the capitalist regime, well, let them keep it."

Khrushchev was quoted as saying the Soviet signing of a peace treaty with East Germany "would not mean war—the Americans and their allies say so because they want war."

In a two-hour lecture on foreign affairs to the Italian leader, Khrushchev reportedly went on "We do not have any threatening intention. If there is a possibility to resume talks, we must exploit it entirely."

But Khrushchev was reported adamant in his determination to go ahead with the treaty, saying he would sign it at a date "which has already been fixed by myself."

An Italian spokesman said the Soviet leader "began using strong terms" when the subject of Berlin came up at the opening talks in the Kremlin. Fanfani replied in equally strong terms, putting forward the Western position.

Khrushchev covered a wide range in his long speech on foreign affairs but offered nothing new toward resolving East-West differences, the spokesman said.

The Italians came away from the first 3½-hour meeting showing disappointment and wondering why they were extended an invitation out of the blue to visit Moscow several weeks ago when the Berlin situation began to warm up.

They said Khrushchev appar-

Plane Surrounded After Landing at El Paso for Fuel

EL PASO, Tex. (AP)—Gunmen hijacked a Continental Airline jet today, forced it to land at El Paso to refuel, then were prevented by gunfire from taking off for Cuba.

Five hours after the \$5 million Boeing 707 landed at International Airport, trucks, baggage trailers, ambulances and armed officers still surrounded the plane to prevent its departure.

There were 67 persons aboard on the flight which originated in Los Angeles and was en route to Houston, Tex.

All but six crewmen and four passengers were released. None of them was injured when officers shot out 10 tires as the plane attempted to taxi and take off.

Mrs. Adelia Wysong of San Antonio, Tex., a passenger, said that after the airliner left Phoenix, Ariz., the gunmen announced they were taking the plane and flying straight to Havana, but would land at El Paso for fuel.

She said a pregnant woman sitting behind her became hysterical and this apparently led to the decision to release all the passengers except four who remained as hostages.

There were conflicting reports as to the number of gunmen involved. Most passengers spoke of two. But Miss Nancy Pearsall, a reservation agent for Continental, said she understood there were four.

On the ground the gunmen demanded the plane be refueled.

The airline's ground crew stalled for time and efforts were made to negotiate with the gunmen.

The ground crews took four hours to refuel the plane. They took up more time with a check of the hydraulic system and other mechanical parts.

About 30 armed officers — border patrolmen, FBI and Secret Service agents, state police and sheriff's officers — had rushed to the airport and stood by.

Passengers said the hijackers demanded that they be given a DC7 as ransom for the jet if they could not get the jet refueled. Howard Berg, public relations man for Continental, said the airline offered to trade a DC7 for the jet but the hijackers turned it down.

The tower at one point gave the plane clearance to take off. As it rolled forward, officers opened fire at the tires and the huge jet slowed to a stop. It was immediately ringed again by vehicles.

People swarmed around the

3 Persons Hurt In 3-Car Mishap

Three persons were injured in a three-vehicle accident that occurred at the intersection of E. State St. and Hawley Ave. at 6:54 p.m. Wednesday, police reported.

Those injured include one of the drivers, Mary Chaplow, 39, of 83 N. Walnut St., East Palestine, who received a whiplash injury of the neck; Bess Peters, 38, of 209 S. Market St., East Palestine, bruises on the left leg, and Carol Whitehead, 10 of 209 S. Market St., East Palestine, a possible strain of the cervical spine.

All three were taken to Salem City Hospital where they were treated and released.

The mishap occurred when the Chaplow auto stopped in the line of traffic behind a car driven by Joseph McDermott, 44 of Philadelphia, Pa., and was hit in the rear by a pick-up truck operated by James Woods, 35 of Akron.

Woods was cited by police for failure to stop in the assured clear distance. He was fined \$10 and costs in Mayor Dean Cranmer's Ad.court today.

Soviet Puppet Regime

Flow Of Refugees Indicate Unpopularity Of E. Germany

BERLIN (AP) — The country known abroad as East Germany has a variety of names. But no German calls it East Germany.

East Germany's Communists call their country the German Democratic Republic — or GDR. Or Democratic Germany. They regard it as an independent German state, worthy of recognition as such.

West Germans still refer to it as the Soviet zone of occupation. Or they call it just "the zone." They regard its government as a Soviet puppet regime forced upon the people and not worthy of recognition. In fact they feel it is unworthy of recognition that the West German government breaks off relations with any country except the Soviet Union that extends official recognition to East Germany.

There is another West German term for East Germany — "Middle Germany." This is based on the theory that beyond "Middle Germany" lies an East Germany made up of those eastern parts of prewar Germany now assigned to Poland and the Soviet Union. Whatever you call it, East Germany is the smaller segment of divided Germany. With an area of 41,700 square miles, it is less than a third the size of West Germany's 143,200 square miles. Its 17 million population compares with 52 million for West Germany.

The country's boundaries—from the Baltic Sea on the north to Czechoslovakia on the south, from the Oder-Neisse border with Poland on the east to the Iron Curtain border with West Germany—were drawn at the allied conference at Potsdam in 1945, right after World War II. At that time East Germany was set up as the Soviet zone of occupation.

The Soviet occupiers ruled with a strong hand. They dismantled factories and tore up railroad tracks as reparations to be shipped off to the Soviet Union.

Early local elections in the Soviet zone showed the majority of voters opposed to the Communist-run Socialist Unity party. But with Soviet backing, the party gained control of the zone's political life and became its governing party when the German Democratic Republic was proclaimed on Oct. 7, 1949.

This was the Soviet answer to the establishment of the Federal Republic of (West) Germany by France, the United States and Great Britain a month earlier.

By that time the break between the Soviet Union and its war allies was fully recognized. Efforts

Several Locations Studied

NASA Seeking Possible Site For Rocket Shoots To Moon

WASHINGTON (AP) — World-wide study of possible launching sites for moon vehicles and even farther ranging spacecraft is being conducted by the National Aeronautics and Space Administration in cooperation with the Defense Department.

Among potential sites already inspected are the Gulf Coast near Brownsville, Tex., the White Sands Proving Ground in New Mexico, Christmas Island in the Pacific, and an area in Hawaii.

A spokesman for NASA said the site study team also is making a thorough review of the possible adaptation of present launching installations at Cape Canaveral, Fla., and Vandenberg Air Force Base, Calif., for the much larger and more powerful rockets for moon and planetary research.

"No decision has been made, and the studies are continuing," he said.

NASA already has briefed 1,200 contractor representatives on technical details of its Apollo project to land men on the moon.

Contractor proposals are to be submitted next month, and NASA plans to award the first Apollo research and development contracts late this year.

The plan is for three-man Apollo teams to orbit the earth perhaps as early as 1964, fly around the moon possibly in 1965, and land on the moon late in 1966 or in 1967.

NASA already has awarded the Martin Co., Baltimore, a contract to study the launch vehicle requirements for a lunar landing, and also for establishment of

a permanent 12-man lunar base.

The launching vehicle, with its Apollo craft, would weigh more than 100 tons standing on the pad.

Earth orbital flights of the Apollo craft, or flights around the moon and back, will be launched by Saturn rockets 160 feet tall.

For lunar landings a 22-engine Nova rocket of 12 million pounds thrust will be required.

The size, power, shattering noise and potential danger of the Saturn and Nova rockets are the reasons for the current search for launching sites providing greater isolation and public safety than is currently available.

Rainfall In July Above Average

Rainfall in July totaled 4.81 inches, somewhat above the 4.30 inches which is average for July, Edwin Copeland, district weather observer, reported today.

Rainfall during July of 1960 amounted to 4.58 inches.

The average temperature last month was 69.1 degrees, below the normal of 70.5 degrees. In July, 1960, the temperature averaged 66.6 degrees.

The highest point reached by the mercury last month was 90 degrees on July 1 and the lowest was 39 degrees on July 10.

Copeland said the rainfall which fell July 19 was the "best since February." Copeland said two more good rainfalls within the next two weeks may result in another bumper crop this year.

Combining is two weeks behind schedule because of the weather, Copeland said. He said little grain has been harvested up to now.

Ardent Crumbaker of 441 N. Howard Ave., commissioner of the Shawnee District, Columbian Council, Boy Scouts of America, recently returned from the national 1961 Town and Country Conference held at the 127,000 acre Philmont Scout Ranch, Cimarron, New Mexico.

Crumbaker was one of 45 district commissioners recognized for outstanding service to youth and leadership in Scouting's current "Strengthen America, Character Counts" program.

This recognition brought with it a scholarship grant covering expenses for himself and his wife for attendance at the conference at the Philmont National Training Center.

Columbiana Stamp Club OKs Merger With E. Palestine Unit

COLUMBIANA — Members of the Columbiana Stamp Club have voted to merge with the East Palestine Stamp Club, it was announced today by Robert Forney, president of the local club.

The members of the two clubs have been attending each unit's

Mrs. Clyde Douglass of RD 1, Columbiana, will be married in St. Paul's Lutheran Church, Forrest, Ill., Saturday.

The ceremony will be performed at 7:30 p.m., with a reception to follow at the home of the bride's parents.

The bride-to-be was graduated in June from Capital University, where she was affiliated with Kappa Sigma Theat sorority. Mr. Douglass is a June graduate of Ohio State University, and was a

member of Sphinx honorary and Alpha Rho Chi fraternity. He is employed by Parkview Builders in Columbiana.

Rehearsal for the wedding will be held Friday evening. Mr. and Mrs. Douglass will be hosts at the Igloo Restaurant in Forrest preceding the rehearsal.

An open reception honoring the newlyweds will be held in the Douglass home on the Renkenberger Road August 12. Friends are invited to call from 3 p.m. throughout the afternoon and evening.

Mr. and Mrs. Edgar Bell of RD 2, Metz Road, will celebrate their silver wedding anniversary Sunday.

There will be open house from 2 to 5 p.m.

The Hannah Fellowship is sponsoring a Dutch-Maid Clothing party for members and friends Monday evening at 7:30 at the home of Mrs. Dean Rohrer on the Columbiana-Canfield Road.

A short business session will precede the demonstration at 7 p.m.

The Columbiana Mother's Club will sponsor a record hop Saturday at Joshua Dixon School, with dancing from 8:30 to 11:30 p.m. A 50 cent donation will be accepted.

The proceeds will go into a fund for the after-prom party next year.

Newell Man Gets Term for Forgery

LISBON — Ralph Heath, 26, formerly of Newell, W. Va., was sentenced Wednesday to 1-20 years in the Ohio State Penitentiary on two counts of forgery by Common Pleas Judge Joel H. Sharp.

Heath, who was indicted by the September 1959 grand jury, was out on bond for passing two bogus checks, one at Baker's Chevrolet in Hanover for \$81 and the other at the Potters Bank and Trust Co. in East Liverpool for \$131. The checks were taken from the North Lima Trucking Co. which Heath is also charged with breaking and entering.

After sentencing him, Judge Sharp ordered Heath turned over to Mahoning County authorities for the trucking company theft.

Common Pleas Court New Entries

Hazel Ruth Torrence vs William Vance Torrence; agreed entry for temporary custody and support submitted and approved by the court.

University Hospitals vs Egbert Patterson, et al; judgment for plaintiff for \$1,659.74 claimed due for hospital services.

Joan A. Mancuso vs Joseph V. Mancuso; agreed journal entry of modification of support submitted and approved.

Where There's Life There's Hope

Glimmer Of Hope

By DAVID LAWRENCE

Soviet Plans Overshadow War Threat

IN EUROPE Ever so often the Communist party in Moscow has come up with a new 5-year plan or with a renewal of a previous 5-year plan.

Nikita Khrushchev, however, takes a longer stride — he now proposes a 20-year plan. None of the plans ever teaches completion, but all serve a temporary purpose — to keep down internal unrest and to postpone indefinitely the reforms which the people have been promised.

If a plan doesn't materialize, that is, of course, supposed to be the fault of the capitalist countries.

Hence it's necessary from the Moscow viewpoint to direct the finger of accusation constantly at the West — which is presumably seeking war or otherwise disturbing the even flow of welfare benefits inside the Communist countries.

The new 20-year plan announced by the Soviet premier promises that two decades hence in Russia almost everything will be free — water, heat, gas, electricity, education, medical services, apartments and transportation. Also, taxes are to be abolished and meals will be free during working hours.

There is, however, one big fly in the ointment. Everything is to be free except life itself. In a jail, too, things are free — including food, light, heat and rent. Taxes also are abolished, because there is no income.

The 20-year plan does not say a word about freedom from enslavement. There still is to be no such thing as free speech, free assembly, a free press and freedom of worship.

In other words, the human mind is to be kept under duress in prison — indefinitely.

The emphasis instead is on material things — as if spiritual things are of no significance. This concept, however, is the essence of communism.

There is another fallacy of gross proportions in the 20-year plan. Who is to produce all the goods? Who is to raise all the food? The Soviet people — of course — but they are to be rewarded only as the state sees fit.

Up to now the slogan of the Communist party has been: "From each according to his abilities, to each in accordance with his work." Now this has been amended in the 20-year plan to read: "From each according to his ability, to each according to his needs."

THIS MEANS that the central government decides what are the "needs" of each individual. Can human needs — material and spiritual — be standardized? Can

all minds be made to conform to "need" only what the government says each person must accept as its measure of human comfort?

In order, of course, to show you how hard it is to put the plan into effect, the Communist leaders are already pointing to the Western countries as obstacles.

The Soviet premier attributes all sorts of hostile motives to other nations and arrogates to himself the role of a virtuous and peaceful world leader.

The 20-year plan, set forth in a 55,000-word document, is the first major program of the Communist party produced since Lenin's program of 1919.

It is full of bitter denunciation of the system of free enterprise in the West. No mention is made, on the other hand, of the high standard of living of the 180 million people in the United States or the rapid progress being made today in Western Europe, which, in the 16 years since the close of World War II, has experienced unprecedented economic growth and better conditions of living for the masses than ever before known on the Continent.

It is the Communist strategy to attempt to tear all this down with sweeping phrases of derogation, but the truth does travel by word of mouth across the boundary lines and, despite the suppression of newspapers and radio, it does spread.

There is indeed behind the Iron Curtain today considerable information as to how well Americans and Western Europeans really live.

IT WAS ABRAHAM LINCOLN who said, "You can fool all the people some of the time, and some of the people all the time, but you cannot fool all the people all of the time."

That's the real dilemma which the Soviet regime faces as it issues a smokescreen of thousands of words in the new 20-year plan.

It leaves unanswered the \$64,000 question: "How is it going to be possible to carry out a 20-year plan of free grants of everything if there is to be a nuclear war that destroys it all in just a few hours or days of missile fire?"

Maybe Mr. Khrushchev is even more sensitive as a politician than he has been reported to be — for he knows his biggest potential enemy is a restless and desperate people inside the Soviet Union, and that a nuclear war, or a conventional war, can bring to Russia another revolution such as occurred in 1917, when the army joined the people in demanding an end to war.

There is a glimmer of hope for world peace in all this — if Khrushchev really is determined to accomplish even a small part of his 20-year plan. For he cannot achieve Utopia if he has to keep on building an expensive armament machine to back up his perennial threats of war.

Berlin Ready For Siege

By ERNIE WEATHERALL

BERLIN Like Joseph, in the Old Testament, who gathered food during the seven prosperous years and stored it away for a time of dearth, West Berlin is doing the same thing in the city's fragile supply lines with the free world are severed again.

This stockpiling has been going on ever since the end of the Berlin Blockade of 1948-49, when the Allied airlift kept the besieged city alive.

The bulk of the stockpile is shipped from the free world and passes through Communist East Germany either by barge, in railway boxcars or is trucked over the autobahn.

Headquarters of the stockpile are in the great storage facilities in Westhafen, West Berlin's big inland "seaport" where barges arrive each day from West Germany.

There is nothing secret about the storage program. In fact, some of the supplies come from Iron Curtain countries.

A good example of this is the thousands of tons of wheat stored in silos and granaries from the Russian Ukraine. The wheat was shipped to West Berlin under a trade agreement between the West German government and the Soviet Union.

It is ironic that with the Communist satellite countries suffering from a food shortage, tons of barley and other grains from East Germany and Hungary, have made their way to the West Berlin stockpile.

Warehouses are crammed with canned meat from Poland, vegetables from Czechoslovakia and fruit from Yugoslavia. With the West German mark about the hardest currency in Europe, Iron Curtain countries eagerly ship foodstuffs to West Berlin to bolster their foreign exchange.

When the vast stockpiling program began after the airlift, Eberhard Wolff was appointed director and his first job was to

find places to store his reserve supplies in the war shattered city.

Wherever he could find any open space in the West Sector he used it to build up mountains of coal. Bombed out and abandoned factories were repaired so they could be used as warehouses.

Today, most of the supplies are stored in Westhafen which lies in the shadow of the Communist East Sector. In this huge complex, there are grain silos, warehouses filled with thousands of sacks of cement, coffee, cocoa, tea, barrels of vegetable oils, chemicals, paint, newsprint, dried peas, rice—shelf after shelf of items, which if carefully rationed during a siege would last at least six to nine months.

Enough fuel has been stockpiled to keep busses, trucks and other vital transportation going. Other raw material is stored so that factories can continue producing. This will prevent unemployment from soaring the way it did during the war.

Ration cards for West Berlin 2½ million residents have been printed and the minute a blockade begins, they will be issued and the reserve supplies put into circulation.

Not forgotten, are the brewers of West Berlin. Enough malt, hops and barley have been stored away so Berliners can enjoy a foaming glass of beer even though their Communist-surrounded island is cut off by another blockade.

If The Unexpected Happens---

John J. McCloy suddenly became the most newsworthy figure in the Kennedy administration when he was ordered home from Moscow to report on his discussions with Premier Khrushchev.

If the unexpected happens and the Russian government feels it must back away from its belligerent attitude about Berlin, the United States will have a chance of a cold-war lifetime to take the initiative. It can recover what it lost after World War II when it disarmed and let the Communist Conspiracy run rampant in Europe.

The United States will have to make a ticklish decision if this happens.

The first impulse of its "peacemakers" will be to accommodate the Kremlin if it turns sweet and talks about peace and disarmament. This will be the first impulse as well of many Americans who abhor the thought of war so thoroughly they are ready to go to any length, even appeasement, to give the Russians an easy way out of every impasse.

BUT THE FIRST impulse of Americans who have concluded the Communist Conspiracy is relentless in its prosecution of plots and stratagems to destroy all countries it cannot control will be in another direction.

They will want to exploit evidence of Russian inclination to back away from a military showdown. The advantage of the non-Communist countries will loom larger

for them than the feelings of Russian officials.

They will want to seize the initiative belonging to the side that is not backing away from tension. Specifically, they will want their government to have decided in advance what it will demand of the Soviet Union as its price for something less than an armed clash over Berlin if the Soviet Union backs away.

As the U.S. adviser on disarmament, Mr. McCloy has been in Moscow at the exact time the Berlin crisis came to a boil. If he has something of special interest to impart — something that might reveal a state of mind in the Kremlin which would remove some of the tension over Berlin—this could be a key development.

IT WOULD SIGNIFY that Premier Khrushchev and his government are convinced there is a possibility of going too far; that the Western Allies might call for a showdown now, instead of later.

It would signify that Russia isn't as ready for a showdown as it sounded in its belligerent statements before the Western allies and the United States showed their teeth.

It would give the Western Allies a chance to tell their price for not following up their advantage — if they ever do have one. And if they ever do get one and don't take advantage of it, they will deserve the bullying they will have to take from the Kremlin.

What Can Government Do For Us?

It is proper and reasonable that government also should wonder what it can do for us at a time when its chief executive spokesman is naming the things we can do for it.

But before either President Kennedy or the rest of us can get down to cases, we must define what we mean.

When we talk about what we can do, we especially have in mind sacrifices that will be made by those whose personal services will be required—citizens who will be asked to give their time, their security, their peace of mind and, perhaps, their lives.

We think of those citizens who by nature are self-sacrificing—the ones who respond to every call of duty by going the second mile. Some of them have volunteered for service in the Peace Corps, because they are driven by this desire to serve their fellowmen in unusual ways.

We think of all those on whom every burden, however, small, rests heavily because they have meager resources. They are frequently among the least complaining of all of us. It is through their lack of resources had been balanced by fortitude of character.

We do not think of taxation as a sacrifice, or even as an act of special devotion, or even as an act of special devotion, be-

cause it is a common duty. But we fear extraordinary burdens of taxation, because they wipe out the margin of security that makes the American people able and willing to accept responsibility for their less fortunate neighbors—the only people on earth who accept such an obligation to their fellowmen.

We have this in mind when we think of what the government can do for us at a time when it is talking about what we can do for it.

We need to be assured that the government will be prudent in its handling of the nation's resources, that it will not be frivolous or indifferent in its expenditures, even when they are sanctified by the label of "Defense."

We need to know it will observe a priority in its spending decisions, putting first things first and abandoning or postponing optional spending.

We need to be told that government will draw a line separating those things that are merely desirable from things that are absolutely essential and will observe the distinction.

If this were to be done promptly, we could think more straightforwardly about the things we can do for Washington. We might even be able to get rid of a prevailing idea that all Washington can do for us is spend money.

We Have A Program, Too

The oldest idea under the sun is despotism, under all its names, including the ones currently used to describe despotism in Russia.

A great fuss is being made about the Russian Communist party's third statement of intentions since 1903. This is like a party platform in U.S. politics—a place to stand when people are asking questions. The newest one, being made ready for official adoption in October, says socialism in Russia stands for peace, prosperity, freedom, equality and world domination. It is expected to produce a heady reaction among Russians who take it literally, and it probably will do just that.

Capitalism, it points out, is dying. Socialism is growing; capitalism is shrinking. Socialism's program in the years ahead is to knock off capitalism and replace it with socialism. This is the kind of talk that gives us Americans the willies—and it should. But it shouldn't choke us up to the point of losing our voices. We have a program, too.

OUR PROGRAM is to keep moving steadily toward a better life for everybody who denies that politicians have either a God-given right or a man-determined right to push around their fellow human beings. In the first part of our program, which made some vivid chapters of history, we destroyed the doctrine of a divine right of kings. In

Once Over

New York has had a horse track strike. Racing addicts have endured troubles enough without having to dope out form of strikers and decide whether pickets could go distance.

If anybody suffers at races, it's the \$2 bettor. He is always in need of more money.

Bartenders, waiters and cooks went out in this strike. They "cool off" customers. Men who started strike "cool off" horses. Bartenders are not teamsters but help people carry a load.

Bartenders and waiters are on feet longer than horses and most of them are carrying excess weight. Waiters are "sore-going" but never out of the money.

Jimmy Hoffa, whose union is behind the strike, beat courts and Senate committees over distance and wanted to see what he could do on racetracks.

Labor strike is fairly new to racing, although tracks are full of folks who have stopped working, except with pencils and past-performance charts.

the second part, which is now in progress, we aim to destroy the doctrine of an absolute right of dictators.

Our belief in capitalism doesn't have much to do with this, actually. We hang onto capitalism because no other way ever has been devised to liberate men from political despotism. For Americans, the most significant thing about capitalism is its adaptability to their aims. Capitalism keeps growing.

It is nothing like the capitalism of the 19th century and hardly recognizable as the successor to the capitalism of the first third of the 20th century. Moreover, the capitalism of the 21st century will bear no resemblance to that of the present. Capitalism is a free system, like the people who employ it in behalf of their own freedom.

THIS IS SOMETHING a doctrine of despotism, by whatever name it's called, cannot understand. Many Americans cannot understand it; they think capitalism is a static system, instead of a dynamic concept of freedom. They out-rival the socialists in spouting a theory of capitalism, instead of explaining its practice.

Fortunately we capitalists have a program for the future, too. We admit the socialists are gaining converts, but we know the converts are involuntary. We're going to keep giving free people a chance to live better while enslaved people get a bellyful of absolutism.

HOLLYWOOD is making film on life of George Raft, but Raft has been passed up for role of George Raft. Probably not the type, as they say.

Marilyn Monroe and Joe DiMaggio are reported remarried or about to be. They decided the parting belongs in the error column.

Bill O'Dwyer, former N. Y. burgomaster, has been appointed arbiter of all restaurant labor troubles at World's Fair. It would be exciting to get his reaction in case of a Senate committee member complaining that the Irish stew in some restaurant "green room" was not good.

Khrushchev says, "A spy is a spy wherever he is." He surely ought to know.

British farmer keeps TV set on in cow barn and says it causes cows to give more milk. Does this apply even through the commercials for beer?

Spy Business

By VICTOR RIESEL

ANKARA There is no business like spy business. Over in Rome, there are Soviet intelligence agents offering \$10,000 (in any currency) for a valid American passport.

They'll take 10. They'll take 10. They want them so they can disguise their people as U.S. citizens and slip them into our country to beef up their underground.

And in this part of the Near East you soon learn that none work harder at the spy business than the Soviet spy masters. And none are deadlier.

Recently they gunned down a young British counter-intelligence agent over in Kyrenia, Cyprus. Not too long ago he had been in on the exposure of the Russians' key London agent, George Blake — a red spy so strategically placed inside Britain that he had been able to tip Moscow on the identity of 40 top British agents, and a few Americans, too.

THE MURDERED young British operative, Peter Gray, reportedly had been nosing too closely around still another Moscow master spy.

The dead man's operation is the kind the Russians cannot afford. Good agents are hard to come by. Despite its 300,000 spies, the Soviets know that scientifically trained, truly professional global spymasters are scarcer than a scooter-less street in Rome.

Of these few there is none who knows more about the United States and how to infiltrate us than anyone in the Soviet espionage hierarchy.

The only trouble — for the Russians, that is — lies in the fact that this agent is in an Atlanta, Ga. prison. There he is listed as

Rudolf Ivanovich Abel. But that's not his name. That's how he was identified when the FBI deftly cracked the case. But no one in America knows who "Abel" is. For some years now the Central Intelligence Agency has been doing a worldwide check. But no luck. The Russians have covered him well. They want him back.

THEY WANT HIM back so badly that he is the only spy they've ever recognized as their own. When he was arrested the Soviet Embassy sent two of its people over to confer with him. They had never done this before. They haven't done it since.

Remember, Rudolf Ivanovich, now 60, was not a Soviet diplomat and ostensibly had no connection with the Russian government. The Russians want him so badly they've been offering U2 pilot Francis Gary Powers in exchange. Every intelligence service in Europe knows this.

It's grim but it should be reported that every intelligence service feels that such a deal would be accepting the exchange of a courageous airplane pilot — really an airborne mechanic who was not a spy, in the professional jargon — for a man who can be worth many divisions of troops to the USSR.

Why? Because the Russians now are trying to drive us out of central Europe. There is much I have learned of Rudolf Ivanovich Abel.

Before he slipped into the U.S. in 1948, Abel worked in East Germany. He is an expert on central Europe. He knows Berlin. He can combine this with his knowledge of America, which he covered silently for nine years.

FURTHERMORE, he knows the links between various global Soviet rings. It may be forgotten by this time but in the past few years there was one such ring which stretched from New York to Aus-

tralia and into London.

In London it was headed by a Mr. and Mrs. Peter Kroger. Its specialty was naval secrets.

This is a most vital area since many experts believe that the strongest nuclear sea power will be the strongest nation.

It will be almost impossible to wipe out a retaliatory nuclear surface and underwater force. As we strengthen our naval power we are closing air bases in England and elsewhere.

The Kroger spy ring stole vital naval secrets from the British—enough secrets to give the Russians the same creeping-up time in this type of warfare as the Klaus Fuchs spy ring gave the Russians in the atomic field.

The Peter Krogers are Americans. Their name is as fake as the passports which the Russians forged for them so they could travel from New York to Australia and then settle in London.

THEIR RING was so effective it shook the British Admiralty and only Prime Minister Macmillan was able to save its top command.

Now it can be positively reported that the "Krogers" and "Rudolf Ivanovich Abel" were in direct contact. They used the same type of secret short-wave equipment. Abel operated out of the heart of New York — from which the Krogers came.

It is believed that Abel gave the orders via the airwaves. Abel knew everything. Now the Russians want him and his knowledge so they can set up an "American desk" somewhere in East Germany. Abel would head it.

He might in fact direct much of the Soviet's Berlin operation. That's what makes it tough on U2 pilot Francis G. Powers.

The Russians want us to pay heavily for him — perhaps with a Russian general by name of, well, call him Abel for the moment.

ANSWERS YOUR PROBLEMS

Dear Ann Landers: For the past few weeks I've been driving with my son who is 16. He has a learner's permit and is very careful but of course he lacks experience.

Today, by mistake, he made a left-hand turn just as the light was changing to red. A police car appeared out of nowhere and the boy became rattled and drove on through instead of pulling back. It could have happened to anyone.

The officer gave him such a severe tongue-lashing you'd have thought the boy was caught on the roof with a kit of burglar tools. He ended up telling my son to "go home and stay there till you learn how to drive."

You know very well the only way a person can learn to drive is by driving. Don't you think police officers should be more understanding instead of so hard boiled?—A MOTHER.

Dear Mother: How "understanding" would YOU be if a learner crashed a red light and put you in the hospital?

"Mistakes" in traffic can

spell the difference between life and death—and this means your son's life as well as others. Be grateful that the officer was tough with the boy. An indelible image of a tough policeman may be just what your son needs to give him a healthy respect for traffic signals.

The Final Rebuttal

Dear Ann: When I was a sophomore in college I began dating a fellow I was crazy about. He was a sophomore, too, and we hit it off great together. He was the star of the debating team and was pretty good at private debating, too. I lost.

I was confident, however, that he was a gentleman, and that whatever happened between us was strictly confidential.

I was wrong. My very closest girl friend told me last week that her brother, who belongs to the same fraternity with my steady, got some very interesting data on me. The details were too accurate to have been guess work.

My boy friend is coming up next weekend. What shall I say to

him? Would it be best to change schools in the fall? If he told one person he probably told many.—HUMILIATED.

Dear Humiliated: Tell him he must be brushing his teeth with gunpowder the way he shoots his mouth off. Then show him the door.

Don't change schools, change your code of behavior. One of the many hazards of losing "The Great Debate" is that the girl forever after, is at the mercy of a loose-lipped guy.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Salem News enclosing a stamped, self-addressed envelope

Fund-Raising Project Set By Leetonia Band Mothers

LEETONIA — At a special meeting recently the Leetonia Band Mothers authorized Karl Minhardt, director of music in the Leetonia school system, to purchase five new uniforms needed for new band members.

Projects to raise funds for the

Leetonia Council Okays Reading of Gas Rate Measure

LEETONIA — Council Wednesday night approved the second reading of the new gas rate proposal of the Ohio Gas Fuel Co.

Council approved the resurfacing of Chestnut St. from Summit St. to the village line. The village is to supply the material and the county will provide the labor.

Two members of the Oakdale Cemetery Board, Thomas Cope and Thomas Miller, attended the meeting and discussed the laying out of burial plots in the newly purchased land north of the cemetery. A meeting will be held by council, the Cemetery Commission and the Cemetery Board to discuss final arrangements. No date was set for the meeting.

Council approved the annual purchase of fire hose, which will run between \$500 and \$600 according to the size of hose needed.

Mike Burick, village clerk, reported he had received \$5,293.45 in funds since the last meeting as follows: Real estate, \$3,860, gas excise tax, \$1,025, parking meters \$93.75, and fines and violations from the mayors court, \$314.70.

Members present at Council's meeting were Joe Weikart, Chester Whitacre, Daniel Cullinan, Elby Morris, Oren Deffenbaugh and Mayor Ralph Kennedy, who presided.

Deaths, Funerals

Mrs. Wick Fry

COLUMBIANA — Mrs. Jennie Fry, 68, of 134 Union St. died at 4 this morning after being ill for several weeks.

Born in Delroy Feb. 14, 1893, she was the daughter of Henry and Martha Carnahan Rock.

She came to Columbiana 41 years ago from Carrollton. She was a member of the Presbyterian Church, Rebecca Lodge and the Eastern Stars.

Survivors are her husband, Wick, whom she married June 8, 1909, and several nieces and nephews.

Private funeral service will be held at the Seederly-Beilhart Funeral Home at 2:30 p.m. Sunday, with Rev. Harry Schiedemante officiating.

Burial will be in the Columbiana Cemetery.

Friends may call Saturday afternoon and evening at the funeral home.

Edwin B. Parr

SEBRING — Edwin B. Parr, 44, of 157 E. Ohio Ave. died Wednesday morning at Crile Veterans Hospital in Cleveland. He had been ill six months.

He was born in Sebring April 23, 1917, a son of the late Bernard and Mary Parr.

He was formerly employed by the Alliance Manufacturing Co. A member of the Church of Christ, he was a World War II veteran.

He leaves a brother, Wilbert of Sebring.

Funeral service will be Friday at 1:30 p.m. at the Vogt Funeral Home. Burial will be in Grandview Cemetery here.

Friends may call at the funeral home tonight from 7 to 9.

Man Fined, Jailed For Drunk Driving

LISBON — Henry O. Poage, 53, of McConner's Trailer Court on Rt. 45, south of Salem, changed his plea to guilty of driving while intoxicated Wednesday and was fined \$250 and costs and sentenced to three days in jail by Mayor Dean Stockman.

This was Poage's second such offense. The first occurred Dec. 18, 1960.

In another hearing before Mayor Stockman, William Garwood of Lisbon was fined \$10 and costs for disturbing the peace after a complaint was filed by Francis Ruhl of Lisbon RD who said Garwood attempted to provoke him into a fight. He said Garwood kicked the side of his car, damaging it.

The trial ended Wednesday with sentencing of five defendants to prison terms ranging from 2 to 15 years on charges of espionage and enticing persons to flee.

Realtors To Hold Annual Steak Fry

The Columbiana County Board of Realtors' annual steak fry will be held Aug. 16 at the Valley Golf Club, near Columbiana, with dinner scheduled for 6:30 p.m. Golf will be played in the afternoon.

A brief program will be held following the dinner. Al Reinman, president; Roy Parsons, executive vice president; and Homer L. Greene Jr., vice president, of the Ohio Association of Real Estate Boards were invited to the affair and are expected to speak briefly.

J. S. Gibson, James Magill and Robert Stamp are serving on the committee for the county affair.

Marriage Licenses

Loren Locke, 22, barber, Minerva, and Terry McGowan, 17, waitress, Homeworth.

Roger William Skeels, 18, farmer, Lisbon RD 4, and Martha Bricker, 16, student, Lisbon.

Curtis E. Johnson, 20, Air Force, Bloomfield, and Sharon Ann Williams, 16, student, East Liverpool.

William George Walk II, 25, optometrist, Pittsburgh, and Marilyn Elizabeth Schaefer, 23, graduate nurse, Salem.

With The Patients

Nelson Baunach of RD 2, Salem is recuperating at his home following surgery in the Alliance City Hospital.

CONVEYED TO PRISON

LISBON — James L. Jackson Sr. of Washingtonville was conveyed to the Ohio State Penitentiary today by Sheriff's deputies to begin serving a 13 year sentence for non-support of his minor child. He was sentenced by Judge Raymond S. Buzzard who denied his probation request.

George Washington was a re-

nowned host. He once compared his home, Mount Vernon, to "a well reported tavern, as scarcely any strangers who are going from north to south, or from south to north, do not spend a day or two at it."

nier and her sister, Vynita Winter, both teachers. They suffered only cuts and bruises.

"We were able to open a window and I think maybe we were pushed out by the pressure of water pouring into the bus," said Mrs. Pannier.

Thirteen of the 15 trapped in the bus were women. The body of an elderly woman was recovered Wednesday night. She apparently had escaped from the bus as it slid out of sight but drowned.

Two honeymooners, Mr and Mrs. Robert Work, each 21, of Connellsville, Pa., were released from hospital and taken to the Lucerne Hotel where rooms were reserved for the entire party.

Divers failed in their first attempts to reach the vehicle, but more heavy equipment was rushed to the scene for the attempt to hook the bus with steel cables.

Barges with cranes and winches were floated into position to lift the vehicle once it is secured.

The electromagnetic apparatus found the bus site two hours after dawn.

Police blocked off the narrow mountain highway to keep a gathering crowd of hundreds of spectators away from the rescue operation.

U.S. Ambassador Robert M. McKinney visited the survivors and said: "None seems to have any serious injuries. A few have very minor injuries but they will be up and around, I am sure, in a few days."

McKinney said "the prompt and extremely sympathetic response by both the Swiss officials and private citizens in this tragic accident is a great and shining example of the Swiss spirit of humanitarianism, for which I expressed the thanks of my country."

Remigi Blattler, president of the cantonal government, and other Swiss officials accompanied the ambassador.

Officials in Hergiswil prepared a gymnasium as a temporary morgue. Simple wooden coffins were stacked in readiness.

The 43-day tour through nine European countries was organized by Gateway Holiday Tours of New York. Each traveler paid \$1,027 or more for the trip. The group of 30 women and five men came from all parts of the United States. Many were schoolteachers. A number were elderly. Some were retired. They left New York in June and were taken through Southern England, the Netherlands, Germany, Belgium, Luxembourg, Austria, Italy and France before entering Switzerland last Saturday. They were due in Paris Friday and should have begun leaving for home Aug. 11.

The bus was driven by Bruno Giacomello, 45, from Como, Italy, an experienced driver on twisting Alpine roads. A Swiss couple, Mr. and Mrs. Hans Gut, acted as tour conductors. All three were among the survivors.

Besides his widow, he is survived by a sister, Mrs. Margaret Walker of East Liverpool, and a brother, Harry Paisley of Palm Springs, Calif.

Funeral services will be held Friday at 10:30 a.m. at the family home by the Rev. Claims Emerick formerly of Millport and pastor of the First Presbyterian Church at Greenville, O. Burial will be in Riverview Cemetery.

Friends may call after 7 tonight at the family home.

NATO

(Continued from Page One)

tee last Friday, Secretary of Defense Robert S. McNamara took a view much in step with current appraisals here of the military situation.

He said that "overestimates" of Red power fail to take into account "the problems that the Soviet Union is likely to have with the satellites in the event of an armed conflict."

McNamara said he believed that Soviet Premier Khrushchev

has "grave doubts" about whether the East Germans would fight for him in event of a conflict over Berlin.

And, the Pentagon boss said in the testimony made public Monday: "There is no reason for us to assume that the Soviet Union can run over NATO. It can't."

McNamara also criticized the press for what he said was failure to distinguish between different kinds of divisions and thus building a public conception of the Soviets "as 12½ feet tall."

emergencies but that no such situation existed.

Senate Clerk Thomas J. Bateman added that even if the legislature responded to a special call, members could not be compelled to take any action.

Officials said the defeat of the capital improvements bill left school and other construction under contract; up in the air, and left funds unavailable for equipping some new facilities already completed. An extra \$170,000 for civil defense also was left hanging.

Twelve legislators—six from each house—have been appointed to the new legislative service commission which will decide shortly how many of the 76 studies asked by the General Assembly will be undertaken before the 1963 session. The commission is the fact-finding arm of the legislature.

Appointed by House Speaker Roger Cloud, R - Logan, were: Reps Robert Taft Jr., R-Hamilton; Harry V. Jump, R - Huron; Fred K. Cassel, R-Wyandot; William W. Milligan, R - Shelby; James J. McGettrick, D-Cuyahoga and A. G. Lancione, D-Belmont.

Appointed by Senate Majority leader C. Stanley Mechem, R-Athens, were: Sens. Harry E. Schwall, R-Fulton; Theodore M. Gray, R-Miami; Charles W. Whalen Jr., R-Montgomery; Charles E. Fry, R-Clark; Frank W. King, D-Lucas, and Charles J. Carney, D-Mahoning.

separate peace treaty with Communist East Germany.

Western leaders do not know exactly what steps he might take or might encourage the East German regime to take once the treaty is signed, but they fear some interruption to Allied traffic across East Germany territory to West Berlin.

The range of possible counter measures is reported to include economic sanctions, such as a clampdown on trade with East Germany; diplomatic action, including protests and military moves which could include the use of force should the Communists forcibly cut off the traffic flow.

Indications are that the foreign ministers also will consider the advisability, and perhaps, the time and place, of a Western summit meeting later this year which would bring together President Kennedy, French President Charles de Gaulle, Prime Minister Harold Macmillan of Great Britain and German Chancellor Konrad Adenauer.

JFK

with Tunisian Delegate Mongi Slim Wednesday.

The United States takes the position that the French-Tunisian clash results in an almost irreparable breach in the Western front at a time when the Western Allies should concentrate on such main points of East-West friction as Berlin.

Officials here reportedly made it clear that while they do not agree with Tunisia's attitude and especially resent Bourguiba's blockade of Bizerte, they are also displeased with France's rigidity. This, they feel, may have pushed Bourguiba, the only pro-Western Arab head of state, into the neutralist camp.

STILL LIFE DOLLS

PUPPETS THAT RESEMBLE puppets, but aren't puppets are the specialty of two Sicilian dollmakers, Santuzza Cali and Gabriella Saladino. They make charming doll sculptures whose terra cotta features and intricate costumes look like puppets. The dolls, on display in a Rome art gallery, are suspended on strings, but the figures are works of art fashioned after characters from history, mythology and Sicilian folklore. They were inspired by the animated dolls of the traditional puppet back in days of the Middle Ages.

Most dolls made by Saladino (left) and Cali reflect pageantry.

Calmer Times

By HAL BOYLE

NEW YORK (AP)—Let's have another look back at the calmer times when people could go to sleep without worrying over whether the next morning they'd have to face a fresh world crisis.

Sometimes it's a blessing to have these days to recall. It's a compensation for growing older.

So, count yourself among the lucky ones if you can still remember when—

Anybody who bought a \$10,000 house was considered well-to-do.

If you got a \$50 weekly salary, that was the amount they put in your pay envelope. There were no such things as deductions.

When you went to the store for a gallon of coal oil, the grocer always stuck a raw potato on the spout to keep the can from leaking.

Babe Ruth earned almost as much for knocking 60 home runs in a year as many 16-year-old kids now get for signing as bonus players.

If you gave a child a penny, he didn't look up and ask, "What's it good for?"

It was regarded as a national disaster when movie stars Doug Fairbanks and Mary Pickford got a divorce.

You stepped on a running board before entering an automobile, and there was no such thing as a gasoline tax.

Ministers denounced the rumble seat as the greatest threat to the morals of the younger generation.

You could impress the neighbors with a \$200 funeral.

A fountain pen was advertised as a lifetime investment.

The most popular indoor hobby in America was making home brew in the basement.

A draft was a breeze that seeped through a window—not an order issued from Washington.

A good pool player had a wider circle of admirers than a fellow who beat par on a golf course, and any man over 20 who still played tennis was put down as a sissy.

A wife was judged by the skill with which she could darn her husband's socks.

There was only one wonder drug

County Courts' Case Backlog Increases

LISBON — Columbiana County's two Common Pleas Courts gained 23 cases during July, according to a report to the Ohio Supreme Court filed by Clerk of Courts Carl L. Stacey.

A breakdown shows that the two courts had 833 cases pending July 1 and 77 new cases were filed during the month, making a

total of 910 cases. The two judges disposed of 54 cases leaving 856 cases pending Aug. 1.

Twenty-two cases were tried by the court, three tried by jury, seven were cognovit and default judgments and 22 were settled and dismissed.

One new traffic point system case was filed, and two were disposed of during the month.

The Court of Appeals gained one case, making seven cases pending Aug. 1.

Leetonia Maidenettes

A meeting of the Leetonia Maidenettes was held recently at the home of Tina McCoy of Oak St., Leetonia.

The girls attended a swimming party at Firestone Park in Columbiana before the meeting. Roll call was answered with nine members giving a safety rule on swimming.

Jeanie Morelli, health and safety leader, gave a report on lawn mower and bicycle safety.

Demonstrations were given by Judy Dudick, Sharon Malahy and Miss McCoy. Miss Dudick gave a demonstration on what one should have in a sewing box.

Miss Malahy told how to set a table correctly. Miss McCoy told how to make a pin cushion.

Gazpacho, Iced Salad-Soup

GAYNOR MADDOX
Newspaper Enterprise Assn.
Gazpacho is a Spanish iced summer salad-soup; really a pureed blend of garden vegetables with olive oil and lemon juice. Its popularity is steadily growing in American homes. If you haven't yet enjoyed it, here is your chance.

GAZPACHO
(10 servings)
2 pounds fresh tomatoes, peeled or 1 large can (1 pound, 12-ounces) best quality peeled to-

matos, 2 or 3 garlic cloves, minced (optional), 1 green or red sweet pepper, chopped, 1 cucumber, peeled and coarsely chopped, 1 medium onion or 6 chopped scallions, 1/2 cup chopped celery, 1/3 cup Spanish olive oil, 1 tablespoon lemon juice, or 2 tablespoons vinegar, 1 teaspoon salt, 3 cups ice-cold water or other liquid.

Force peeled tomatoes through sieve to remove seeds. Add garlic, sweet pepper, cucumber, onion and celery to electric blender a little at a time until pureed; or force through food mill or food grinder.

Chef's Salad

Romaine and watercress, 2 cantaloupes (pared and cut into crescents), 1 1/2 cups each (julienne size) cooked chicken (or turkey), baked ham, cooked smoked or corned tongue and Swiss cheese, 2 scallions (green onions) sliced thin crosswise, French dressing.

Arrange romaine spoke fashion on large round serving dish. Make bouquet of watercress sprigs in center. Alternate cantaloupe with meats and cheese, shaping to a slight pyramid in center. Sprinkle with scallions.

Serve with French dressing; beat together 1/2 cup olive oil, 1/4 cup white vinegar, 3/4 teaspoon each salt and dry mustard, freshly ground pepper to taste and 2 tablespoons minced parsley.

NOTE: To prepare cantaloupes, cut each in half crosswise; remove seeds. Cut into quarters and then into thin crescents; remove rind.

Mix cooked elbow macaroni with a snappy cheese sauce; top with slices of tomato and add a layer of grated cheese. Broil until cheese melts and tomatoes are hot.

Peach Pudding

2 cups pared sliced peaches, 2 cups sugar, 3/4 cup flour, 2 teaspoons baking powder, 3/4 cup milk, 1/4 pound butter or margarine (melted).

Mix peaches and 1 cup of the sugar and place in a baking pan (9 by 9 by 1 3/4 inches). Beat together the remaining 1 cup sugar, flour, baking powder and milk until smooth; it will be thin. Pour over peaches. Melt butter and pour over flour mixture; do not stir.

With The Patients

Bruce Birmingham of 28 Whitehall Blvd., Garden City, Long Island, N. Y., 10-year-old grandson of Mrs. Charles Nelson of 388 E. 8th St., fell out of a tree Tuesday afternoon while visiting here and fractured his wrist. He is in satisfactory condition at the City Hospital.

Mrs. William Long, 27, of 1500 N. Ellsworth Ave., who was injured in a two-car crash Monday afternoon at the intersection of Western Reserve Rd. and Rt. 62 at Point View, is listed in satisfactory condition today at City Hospital. She was to be X-rayed today for possible injuries.

Iced Tea, Old Standbye

GAYNOR MADDOX
Newspaper Enterprise Assn.
A tall pitcher of tinkling iced tea—clear, strong and fragrant—well, that's a cool blessing on a scorching day. With fresh mint, with lemon, with berries, with sugar, if you like. But the main thing is the tea itself, properly made.

You can make it fresh in a teapot, then pour over ice cubes—lots of them. Use double the number of tea bags or loose tea for the same amount of water used for hot tea. Steep at least 5 minutes, then pour over the ice.

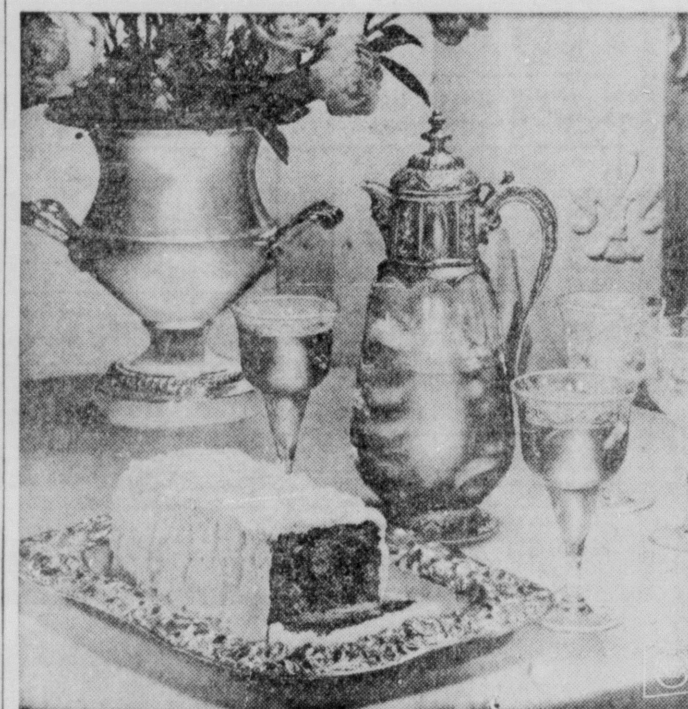

To save last-minute work, many homemakers like to make iced tea by the pitcherful ahead of time and keep it on hand during the day to use when wanted.

If properly made, it will retain its thirst-quenching qualities for several hours if kept at room temperature—not in the refrigerator.

Occasionally tea made this way may develop a cloudy appearance. In that case pour in a little boiling water. The tea will clear immediately.

Try this one-two-three method

Applejack, A Summer Cooler

GAYNOR MADDOX
Newspaper Enterprise Assn.
From old records and letters of Revolutionary times we learn that in hot weather Martha Washington used applejack from the orchards of Mt. Vernon to make cooling drinks for her guests.

With the drinks, she liked to serve raisin nut cake with lemon butter frosting. The raisin nut cake today can be made from a packaged mix. But not the frosting. The applejack coolers George Washington enjoyed have taken on a little more sophistication for today's hot weather.

APPLEJACK, PINEAPPLE AND LEMON COOLER
(Serves 6)
1 pint applejack, 1 pint unsweetened pineapple juice, 1/4 cup lemon juice and 2 tablespoons sugar, mixed together.

Partially fill tall pitcher with crushed ice or ice cubes. Chill glasses in refrigerator. Combine all ingredients, pour over ice and stir vigorously.

OLD-FASHIONED LEMON BUTTER FROSTING
1/2 cup butter, 1/4 teaspoon salt, 1 pound package confectioners' sugar, (sifted), 1 tablespoon lemon juice, 3 tablespoons milk or light cream, grated rind of one lemon.

With the electric mixer, or in bowl, cream butter (medium speed with mixer). Add 1 cup of the sugar. Beat until mixture is light and fluffy. Add rest of sugar, the two liquids and the grated rind. Beat until smooth. Frost sides and then top of cake.

Cincinnati Regains First Place With Double Victory

Redlegs Win 4-2, 3-2 Over Phillies

Cincy Leads NL by One Game; Cops 13th, 14th Straight Win Over Phils

CINCINNATI (AP) — The Cincinnati Reds returned to the National League leadership today as calmly as they had maintained it for more than a month, with a double victory over Philadelphia while San Francisco was trouncing the Los Angeles Dodgers.

The Reds won their 13th and 14th games from the last-place Phils by scores of 4-2 and 3-2, Wednesday night, while the Giants beat the Dodgers 6-0 in a one-hitter.

The Phils have not defeated Cincinnati this season.

Joey Jay Records 15th Win

Joey Jay, the winningest pitcher in the National League, hung up his 15th victory against six defeats, but he needed help from Sherman Jones after 5 1-3 innings of the second game.

Jimmy O'Toole (11-8), who pitched the Reds to victory in the first game, also needed help after allowing 10 hits in 8 1-3 innings. Bill Henry finished.

The outstanding Philadelphia player was relief pitcher Jack Baldschun. He hurled for two innings in the first game and five innings in the second, giving up only one hit—a single in the seventh inning of the opener.

Cincinnati won the first game on homers. The Reds caught up with the Phils on Vada Pinson's fourth-inning homer and passed them in the same inning on three singles.

Coleman Raps 21st Homer

Gordie Coleman clinched it by hitting his 21st home run in the sixth after Frank Robinson singled. The Phils scored another run in the seventh.

Amateurs, Late Models Race Saturday

Bob James Heads Huge Field Expected At Canfield Oval

A total of 125 laps of spine-tingling stock car racing action will be offered at Canfield Speedway Saturday. The huge entry list of cars is overflowing the Canfield pits and 10 races must be scheduled to give all drivers a chance to race.

The entry list is expected to near the 70 mark this week. Last Saturday there were 48 amateurs on hand plus 20 late models.

Bob James of Akron will head the outstanding list of late model pilots. James is rated as one of the best drivers in Ohio, but he has had car troubles. One night a motor blew up in his 1957 Chevrolet, another time it was a flat tire and again it was a radiator hose.

James is hoping to have everything in top shape Saturday so he can really move. However, he will find plenty of competition.

Point-leader Bill Forney of Youngstown will be on hand and he will be out for revenge after losing last week's feature. Forney was on top only a 100 yards from the finish line. But Jim Bickerstaff of Youngstown clipped Forney's bumper, spinning him out. Bickerstaff went on to win and there is plenty of hard feelings in the Forney camp.

The victory was No. 3 for Bickerstaff, while Forney has four.

Also slated for action are Bud Watson of Youngstown, who was third last week, Nook Walters of Niles, Gus Acozilli of Warren, Don Sawyer and Nick Bevilacqua of Girard and many more.

Jack Seibert of Girard heads the amateur field, having gained his first win of the season.

Chuck Daugherty of Youngstown has a new car and he will be another threat. Daugherty copped Canfield's opener, and has shown little since until last week when he gave Seibert a run before placing second.

Time trials will be at 7 and first race at 8:30 p.m.

Ford Fails to Win 20th; Mantle Socks 40th Homer

Yankees Increase AL Lead, Jar KC Twice; Tigers Split 4-3, 2-6

By JOE REICHLER
Associated Press Sports Writer

In New York, the Yankees increased their American League lead over Detroit to two and a half games with a 6-5 and 12-5 doubleheader sweep over Kansas City as Mickey Mantle walloped his 40th home run.

In Boston, rookie second baseman Chuck Schilling helped the Red Sox down Los Angeles twice 7-2 and 8-7 with a rally-starting single and a game winning home run.

Rookie Blasts Homer

In Detroit, Washington rookie first baseman Bud Zipfel belted his first major league home run to give the Senators an 11-inning 6-2 victory after the Tigers had won the first game, 4-3 on pinch hitter Charlie Mawell's three-run homer.

A little single hit by Dave Philley in Baltimore, a 41-year-old pinch-hitter batting for Marv Breeding, drove in Jim Busby with the run that gave the Orioles a 4-3 second game triumph after Minnesota had won the first game of the two-night twin bill, 4-2.

The Yankees perfect day was marred by Whitey Ford's failure to record 20 victories. The little left-hander went into the ninth inning of the opener leading 5-3, but pinch hitter Haywood Sullivan hit a two-run homer to tie the score.

Luis Arroyo, brilliant relief pitcher, had to rescue Ford before the inning was over.

The Yankees won in their half of the ninth with the bases full and one out, catcher Joe Pignatano dropped third baseman Wayne Causey's throw of a grounder hit by Bob Cerv. It was the fourth Kansas City error and the Yankees' fifth unearned run.

Yanks Rap Four K.C. Pitchers

The Yankees combed four Kansas City pitchers for 17 hits in the finale as Ralph Terry coasted to his seventh victory. Mantle got his homer in the first inning to put him in a tie with Roger Maris at 40 apiece, leaving them 17 games ahead of the pace set by Babe Ruth when the Babe hit his record 60 homers in 1927.

The Tigers were trailing 3-1 when Zipfel, Washington's 22-year-old first baseman recently brought up from Houston, let a throw drop that would have ended the inning. Chico Fernandez followed with a single and Maxwell followed with his three-run homer. Zipfel atoned for his lapse in the 11th inning of the second game when he smacked a home run off Phil Regan to break a 2-2 tie. Washington followed with three more runs to seal the verdict.

Held hitless until the eighth by Baltimore's Chuck Estrada, the Twins erupted for four runs in the ninth of the opener.

Schilling's eighth-inning single drove in the first of five Red Sox runs that secured Ike Delock's sixth victory in the opener.

Brown Waits Until After 'Star' Game To Make Any Cuts

HIRAM, Ohio (AP)—Coach Paul Brown says he will wait until after the College All-Star game Friday night before making any cuts from his Cleveland Browns' squad.

Three Cleveland rookies are on the All-Star squad for the game against the Philadelphia Eagles at Chicago.

Brown said he wants to see all the rookies at work here before he decides on any cuts from the National Football League squad.

MOVING MAN — The Milwaukee Braves started to roll when Mack (The Knife) Jones was called up from Louisville to play center field and lead off in the batting order.

Gene Fullmer Meets Fernandez Saturday

OGDEN, Utah (AP) — Fans will get an earful of instructions Saturday night in the Gene Fullmer-Florentino Fernandez mid-dleweight title fight.

Marv Jensen, manager of Fullmer, shouts a number code at the National Boxing Association camp throughout the fight. The numbers signify various attack and defense patterns.

Eugenio Ruiz, manager of the 25-year-old challenger, Florentino Fernandez, shouts his instructions in Spanish since neither Ruiz nor Fernandez speak English. Both are Cubans.

The combination could create more noise in the ring than from the fans outside.

Both battlers have wound up their heavy training and the two managers have started the final honing they hope will lead to victory in the 15-round bout. It will be televised (ABC) starting at 9 p.m. (EST)

Legion Teams Dwindle In State Tourney

ATHENS, Ohio (AP) — The battle for the state American Legion baseball crown and the right to move on to the regional playoff narrowed to seven teams today, and following the morning round only five teams will be in the running.

The front-runners are Cincinnati Gehlert and Marion, both with perfect 3-0 records. However, these teams will collide today.

The remaining five, all with 2-1 marks in the double elimination tournament, are Archbold, Warren, Hudson, defending champion Lima and Steubenville.

Fourteen teams started the playoff Monday. Columbus Camp Chase, Lancaster, Bridgeport and Portsmouth all were eliminated in Wednesday's play.

Cincinnati put on the best display Wednesday, winning two games. The Queen City team shut out Archbold 7-0 in the morning and then came back to defeat Lima 5-2 in the afternoon. It was the first defeat for both of the teams in the tournament.

The first extra-inning game of the week-long affair came when Hudson pushed Columbus to the sidelines with a 4-3, 10 inning victory.

In other games Wednesday Lima defeated Portsmouth 7-5, Steubenville downed Lancaster 6-2, Marion nipped Warren 1-0 and Archbold dumped Bridgeport 3-1.

Today's schedule:

9 a.m. — Cincinnati vs Marion; Archbold vs. Warren; Hudson vs. Lima. (Steubenville drew a bye.)

2:30 p.m. — Loer of Cincinnati-Marion, winner of Archbold-Warren, winner of Hudson-Lima and Steubenville will play. Pairings, however, have not been set.

Highly Successful At North Carolina

Warriors Name Frank McQuire New Coach

PHILADELPHIA (AP) — The Philadelphia Warriors of the National Basketball Association have reached into the college ranks for a new coach, hiring highly-successful Frank McQuire of North Carolina.

"I got the best coach for my best player, Wilt Chamberlain," said Warriors' owner Eddie Gottlieb today after announcing that McQuire had been signed to a three-year contract. Gottlieb was disappointed when the club finished second last year and was eliminated by Syracuse in the playoffs.

Gottlieb disclosed the contract also calls for McQuire to serve as a vice president of the Warriors, a newly created position.

McQuire, who led North Carolina to a perfect 1956-57 season with 32 victories and the NCAA championship, had been at the Chapel Hill school since 1952 and still had two years to go on his current contract. But officials released him from it.

Indians Edge White Sox 3-2, Lose Second Game 8-4

Grant Grabs 10th, Jim Perry Shelled

CLEVELAND (AP) — Cleveland's Jim Grant now has 10 victories, tying his personal major league record for triumphs in a season, but it took his very best efforts in two bases-loaded situations to achieve it.

Grant pitched a six-hitter in Cleveland's 3-2 win over the Chicago White Sox Wednesday night. The Sox bounced back to take the nightcap, 8-4.

With a 3-0 lead in the sixth inning, Grant yielded two singles and a walk to the first three men he faced. Then he struck out Roy Sievers, made Al Smith fly to right and induced Nellie Fox to fly to left, stranding the base runners.

Landis Homers In Seventh
He nearly duplicated the feat in the eighth, after Chicago had cut the Indians' lead to 3-2 on Jim Landis' seventh-inning, two-run homer. Minnie Minoso singled and Sievers walked. After a sacrifice bunt, Nellie Fox was walked intentionally. Grant then made Al Pilarcik bounce into an inning-ending double play.

The Tribe scored two runs in the first inning. Johnny Temple

bunted safely, and Jim Piersall tripled down the right field line, scoring Temple. Piersall came home on Tito Francona's single.

Willie Kirkland hit his 21st home run in the third for Cleveland's third run.

Grant served up a home run ball to Jim Landis with a man on in the seventh.

Perry Blasted In Fourth
Jim Perry gave up four runs in the fourth inning of the nightcap.

Cleveland made it 4-1 in its half of the fourth on Vic Power's double and Woodie Held's single.

The Indians came back with two runs in the fifth on Temple's double and Piersall's fifth home run of the year.

Jim Landis' two-run homer off Bob Allen in the sixth—His second roundtripper of the evening—gave Chicago a 6-3 lead.

Cleveland made a run in the sixth on Held's homer.

Chicago scored its last two runs in the seventh inning off Frank Funk on three hits.

The Tribe and the White Sox wind up their series tonight, with Cleveland's Wynn Hawkins (5-8) facing Frank Baumann (8-8).

EAGLES MEET PETRUCCI'S
The Eagles will play Petrucci's instead of the Firemen, on Friday at 6 p.m. in a Class G Hot Stove League game. The Firemen are competing in the State Hot Stove Tourney this weekend in Alliance.

Diner Meets Windham Saturday; Firemen Face Nick Yanko's Sunday

Aldom's Diner, Firemen Vie for State Hot Stove Crowns

By BOB JULIAN

From a field of 12 Salem aggregations that participated in the District Hot Stove Tournament held here the past two weekends the Quaker City will be represented in the state tourney that begins Saturday in Alliance by a team that was expected to triumph in district play and a team that was not given the slightest chance to win its first game.

The Firemen, boasting a fine 12-2 record, including three straight wins in district action, will vie for the Class G crown while Aldom's Diner, a crew that posted a 1-10 league mark and then rolled to two consecutive tourney wins will battle for the Class D laurels.

The Diner nine will open tour-

ney play for the Salem duo, taking on the Windham Pilots at 4:30 p.m. Saturday at Silver Park Field No. 1. The Firemen clash with the Nick Yanko's on Sunday at 1 p.m. at Silver Park Field No. 2.

In the Windham Pilots, Aldom's Diner will find itself going against a team that has copied 19 wins while dropping only one game. The Firemen will face a team that has collected an overall record of 16-1 in the Nick Yanko's aggregation.

Aldom's has a capable pitching corps in Gary Dermotta and Tom Owen while the hitting department is led by the bats of second baseman Roger DeCrow, whose homer in the last inning won the opening tourney game; catcher Larry Marks, first base-

man Tom Roberts, Owen and shortstop John Hanna.

In two tourney games Owen has belted the ball for four hits in

For those planning to follow the Aldom's Diner team and the Firemen to the state tourney this weekend the best way to get to the ball field is to take Rt. 62 from Salem to Union St. in Mount Union. Turn left on Union St. (Rt. 80 to Minerva) and go several blocks till you come to Silver Park which is on the left side of Union St.

seven official times at bat. DeCrow is right behind Owen with four hits in eight times at the plate.

Dermotta pitched the title game on Monday as he fanned nine and allowed eight hits. Owen gave up six hits in his opening game victory, striking out five.

The Firemen attack is led by catcher Lou Markovich, who has rapped five hits in three tourney games; second baseman Danny Papic with four safeties and shortstop Ron Bezeridi with three bingles.

Pitchers Bob Bentley and Tom Bica have been very effective in tourney play with Bentley grabbing two wins and Bica one. Bentley has given up nine hits and has fanned 12 while Bica has allowed two hits and whiffed five enemy batters.

In rolling to the state tourney berth the Firemen knocked off undefeated Leetonia Morris Oil-Main

next weekend for the titles in Class D, E, F, G and H.

Giants' Marichal Hurls One-Hitter

Dodgers Blanked 6-0;
Cards Dump Pirates

By JOE REICHLER
Associated Press Sports Writer

The Cincinnati Reds are in position today to become the first team in baseball history to sweep a full season schedule from a rival club.

The Reds not only made it 14 in a row from Philadelphia by winning both ends of a two-night doubleheader Wednesday 4-2 and 3-2, but surged back into first place in the National League by one game over Los Angeles. The Dodgers, who had led by a half game, were shut out 6-0 by the one-hit pitching of San Francisco right-hander Juan Marichal.

St. Louis downed Pittsburgh 4-2.

North Carolina Picks Smith Coach
CHAPEL HILLS, N.C. (AP) —
Dean Smith, a 29-year-old native
of Kansas, today finds himself
the head basketball coach at the
University of North Carolina.

And he takes the post in the
footsteps of Frank McGuire,
whose Tar Heel teams over a
nine-year span won 164 games
and lost 58. McGuire resigned
Wednesday night to become coach
and vice president of the Phila-
delphia Warriors of the National
Basketball Association.
